

*Building on quality*

## Poker & Pump Drive Units

Petrol, Diesel or Electric Drive units to power flexible shaft pokers or submersible pumps. Extra tough large diameter tubular steel frames.

**Made in Sheffield**

PDU petrol or DDU Diesel drive units

- Tough 32mm steel tube engine protection
- Fully welded frame for extra durability
- Drive coupling choices suitable for most makes of poker

EMD 115v or 230v electric drive unit

- Lightweight, quiet and robust with small skid base plate
- Strong steel casing protects the motor
- Lifting handle enables easy transport
- Drive coupling choices suitable for most makes of poker
